

## LIST OF DIAGRAMS

DIAGRAM No.	SUBJECT	PAGE No.
7.1	Individual No. 14 as the major information transfer mode	266
7.2.a	Reticulum of individual No. 2 at 1 - step Reachability level	267
7.2.b	Reticulum of individual No. 12 at 1 - step Reachability level	268
7.3	Information tried of individual Nos. 14, 2 and 12	268
7.4	Differential information transfer strategy	269
7.5.a	Information support system of Individual No. 2	270
7.5.b	Information support system of individual No. 12	271
7.6	Reticulum of individual No. 14 at 2 - step Reachability level	274
7.7	Information mobilisation group at 2 - step Reachability level	276
7.8	Interconnected Reticula at 2 - step Reachability level	278
7.9	Uniplex linkage paths at 3 - step Reachability level	280
7.10	Multiplex linkage paths at 3 - step Reachability level	281
7.11	Information Mobilisation groups at 3 - step Reachability level	283

7.12	Maximum flow from individual No. 1 to individual No. 2	286
7.13	Maximum flow from individual No. 1 to individual No. 3	287
7.14	Maximum flow from individual No. 1 to individual No. 4	288
7.15	Maximum flow from individual No. 1 to individual No. 10	289
7.16	Maximum flow from individual No. 1 to individual No. 14	290
7.17	Maximum flow from individual No. 1 to individual No. 20	291
7.18	Maximum flow from individual No. 2 to individual No. 14	292
7.19	Maximum flow from individual No. 2 to individual No. 10	293
7.20	Maximum flow from individual No. 2 to individual No. 20	294
7.21	Points of conflict and alliance for individual No. 2	295
7.22	Bridge linkages between mobilisation groups	296
7.23	Information circulation system	299
